

Technical Data Sheet

Stainless steel riser pipe (flange)

Product description:

Classic riser pipe with flange connection according to DIN 4927, with welding neck flange DIN 2633 on both ends, with 2 cable passages

Product properties:

- Material: Stainless steel
- Construction lengths: 1-6 m
- Connection type: Flange connector
- Pressure rating: PN 16, PN 25, PN 40

Advantages of the product:

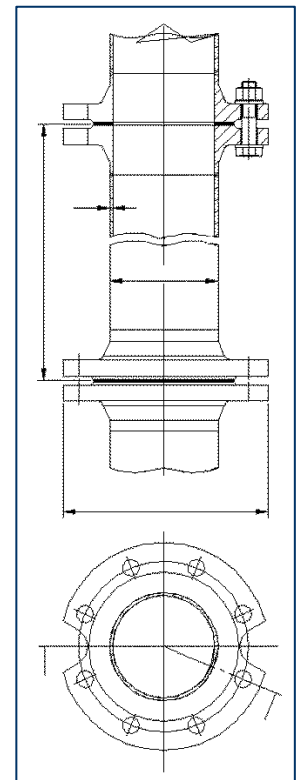

- Reliability

Versions:

Nominal width [DN]	Wall thickness [mm]	Outer pipe Ø [mm]	Outer flange Ø [mm]	Ø k [mm]
50	2.0	60.3	165	125
65	2.0	76.1	185	145
80	2.6	88.9	200	160
100	2.9	114.3	220	180
125	2.9	139.7	250	210
150	3.2	168.3	285	240
200	4.0	219.1	340	295

Weight [kg]:

Nominal width [DN]	1.0 m	2.0 m	3.0 m	4.0 m	5.0 m	6.0 m
50	8.0	10.9	13.8	16.7	19.7	22.6
65	9.8	13.5	17.2	20.9	24.6	28.3
80	13.0	18.6	24.2	29.8	35.5	41.1
100	17.6	26.0	34.3	42.7	51.0	59.4
125	22.9	33.1	43.4	53.7	64.0	74.2
150	28.7	41.9	55.1	68.3	81.5	94.7
200	43.5	65.0	86.5	108.0	129.5	151.0

The riser pipes are also available in a galvanized steel finish.
